Dear Mr. Haughey.

Colin Wallace, Fred Holroy were telling the truth when they revealed that British Int were behind killings, kidnapping and a smear campaign against yourself.

M15, M16 assisted by S.A.S. used our Force 1972 to 1978, 1985.

We were given photographs of I.R.A. men, given explosives, information to where intended victims were and when to carry out attacks. We killed 17 men on information supplied by British Int. M15 were double crossing us all the time we were working with them.

We executed some of our best men believing them to be traitors. Jim Hanna was killed as a result of information given to us by M15. Hanna was totally innocent and we killed one of our best volunteers.

They supplied us with detonators which they had set to explode prematurely. The Miamia Showband. Sommerville & Boyle, the Desertmartin, Johnstons Farmland. Vol Logan, Vol Simpson his body was never got. In 1985 we were approached by a M15 officer attached to the N.I.O. and based in Lisburn, Alex Jones was his supposed name. He asked us to execute you, and supplied us with the following details.

Your cars, aerial photographs of your home, your island home on the Kerry coast. Details of your trips into Farranford Private Airport, photographs of your plane. Photographs and the details of your private yacht.

We refused to do it, we were asked would we accept responsibility if you were killed we refused.

British Int are going to supply a spoon of Anthras Foort and Mouth Disease, Fowl Pest. Swine Fever, and Jaagsikpi a fatal disease in sheep to anyone who will release it in Eire. They plan by doing so to destroy Eire economy and to make the Eire Government increase border security. We have no love for you but we are not going to carry out work for the Dirty Tricks Department of the British.

CAPT. W. JOHNSTON.
